

Outdoor Wood Floors – Maintenance Manual.

Maintenance Manual

Due to static reason in some area and our Eva-Last board surface is rather tough, some tiny dust and debris are easy to be attracted. As time goes by, those toughest stains and debris from oil, grease, bird droppings, acid rain and etc are accumulated on the surface that cannot be easily removed by water or even high pressure water rush. After years stuck there, the accumulations will attack and erode your board to let you have that “gray” appearance.

In case we met such situation, then a kind of cleaner is proposed to make a more professional maintenance for your deck. While the application of this kind of cleaner will be once a year only. Thus it can be taken as an annual professional maintenance comparing with your usual simple water rush maintenance job. In fact this is necessary and normal, say the industrial leading player like Fiberon also proposed to adopt similar cleaner like Krud Kutter and Simple Green.

For the cleaner we proposed, the main content is Silicones, which is no harm and irritation to skin, but it may cause irritation to eyes, thus IF IN EYES: Rinse cautiously with water for several minutes. minutes.

Cleaner Application Guide:

1. simply clean your flooring first and let it dry
2. the cleaner Agent and water, dilution ratio should be ranged from 1:8 to 1:12.
To have a better effect, make sure the dilution agent will be used once it is made, cannot be stored for reuse next time.
3. the board can be brushed by soft bristle with the dilution agent or by spray in sunny day.
4. the applied cleaner Agent solidification time will be around 24h with 20–25°C temperature

Meanwhile, from our factory side, we have slightly adjusted our products formula since Jan, 2017 to make the board surface a little bit softer so that tiny and toughest debris and stains can be removed easier by wind, water and etc so that no tough debris and stains will be accumulated, expecting that the “gray” circumstances can be avoided.

Ahmadabad:

Surface Plus, GF, 4th Floor
Premier House, Opp. Gurudwara
Thaltej Crossing, Ahmadabad – 382 454
